

DEFENSE PROGRAMS

ABOUT APPRIO, INC.

Apprio is a leading provider of specialized technology solutions in the Defense market and supports military clients through a variety of service offerings. These include agile management, enterprise architecture, IT management, program management, analytics and transformation, financial management, and technical and software solutions that meet defense requirements.

Apprio is focused on optimizing the performance of personnel and programs across all branches of the military. During the last 18 years, Apprio has cultivated trusted partnerships with government clients within HHS, DHS, DoD and Veterans Affairs (VA) by hiring and retaining the most talented technology professionals in the industry. Apprio also delivers specialized services to Health, Homeland Security and International Development markets.

The United States military succeeds when missions are clearly defined, personnel are optimized and programs run efficiently and effectively. Apprio supports defense agencies in their efforts to improve their mission readiness through a variety of service offerings focused on enhancing the business and performance of military personnel and programs, at home and overseas.

Our services are delivered by an award-winning team of business and technical professionals, many of whom are military veterans who distinctly understand the military's mission. Our program managers are Project Management Institute (PMI) and Capability Maturity Model Integration (CMMI) Project Management Professional (PMP) certified and fluent in the requirements of portfolio management, Office of Management and Budget (OMB) 300 requirements, the Joint Capabilities Integration and Development System (JCIDS) and Department of Defense (DoD) 5000.
