

Apprio has two decades of experience serving groundbreaking organizations in health care.

### Navigating the Changing Health Landscape

Health care is undergoing major changes, changes that directly impact how you do business:

- ✓ Quality outcomes are essential
- ✓ The nation is achieving unprecedented interoperability
- ✓ The amount and types of data you collect are growing exponentially
- ✓ Digital technology is empowering stakeholders
- ✓ Regulations and payment models are shifting

Apprio can help you navigate these changes by applying our deep industry expertise. We can help you lead your organization in driving health care innovation by applying real-world, proven approaches to your health business and technology requirements.

### WHO WE SERVE

#### Federal Health Agencies

Apprio works with agencies to take full advantage of their technology to improve operations, better understand the people they serve and track quality measures to ensure they are only paying for high-quality care. We help federal agencies:

- ✓ Deliver strategic advisory services
- ✓ Plan and execute IT projects
- ✓ Promote quality care and public health
- ✓ Implement standards-based technologies

#### Health Care Providers

Apprio helps health care providers implement and manage technology solutions that help them achieve efficiencies and deliver better care. Our team can help you:

- ✓ Take full advantage of data
- ✓ Ensure accurate patient matching
- ✓ Maximize your revenue
- ✓ Educate and train your staff

## APPRIO'S WORK WITH FEDERAL HEALTH CARE ORGANIZATIONS

WE PROVIDE A WIDE RANGE OF SERVICES FOR OUR HEALTH CLIENTS.

**CDC National Center for Immunization and Respiratory Diseases** - Operates and maintains the CDC's immunization registry for Puerto Rico.

**CMS** - Supports CMS' efforts for HIPAA mandated electronic transaction reporting for Medicare contractors and their submitters.

**Defense Health Agency (DHA - Army Reserve)** - Provides clinical credentialing support for all Army Reserve clinicians.

**HHS** - Developed the HHS Medical Reimbursement Program.

**HHS Administration for Children & Families** - Built the case management system that the Office of Human Services Emergency Preparedness and Response (OHSEPR) uses to manage its case work.

**National Disaster Medical System** - Developed and operated the electronic health record that HHS uses for all federally declared disaster responses.

**ONC FHA** - Assists the Federal Health Architecture (FHA) develop the logical model of health information housed in federal agencies.

## Apprio's New Baltimore Office

Our commitment to federal health is demonstrated in our real estate. Headquartered in Washington, DC, two blocks from HHS' headquarters, the company also opened a 13,000 sq. ft. office in Baltimore next door to CMS' headquarters and its collaboration center.

Clients can use the office's amenities, including:

- ✓ Training facilities for large classes
- ✓ Meeting rooms
- ✓ Collaboration spaces

## ABOUT APPRIO, INC.
